Yaacov Stottland,
Stottland Business Solutions

Appreciation Letter

Dear Yaacov,

I would like to thank you for your fast response, professionalism and high service orientation during your support to our need for Environment and especially WEEE compliance issues.

When we first called you, we emphasized the need for an immediate, focus and professional solution. I would like to express my deep appreciation to the way you took the challenge, understood our unique needs, setup a working plan (aggressively scheduled) and led the process up to the required finish line as promised.

Thanks to your uncompromised responsibility and collaboration, we managed to fully understand the implication on our business strategy and saved significantly on product cost, while at the same time, we kept SolarEdge's commitments and high standards towards our customers.

We have no doubts about your proven abilities, extensive experience and professionalism and for that we thank you.

I would like to say that as long as required, we would be happy continue working with you in the future.

Sincerely,
Daniel Mitlanski | VP Operation
