Stottland Business Solutions

Thank you Letter

Dear Yaacov,

I would like to thank you for your immediate response and high service orientation during your support to our need for Environmental compliance, especially in regards to WEEE.

We found SBS a highly experienced and professional solution. The way you managed the challenge and our unique needs was remarkable. Your attention and understanding in setting up an aggressive work plan to provide us with the tailor made solution is highly appreciated.

You helped us fully understand the implication on our product and strategy, and saved AVT significant product-related costs.

We would be happy continue working with you in the future.

Sincerely yours,
Adi Idel
Engineering Manager
